

LET'S GO! SCHOOL QUIZ **AT O'CONNELL'S**

GAME RULES AND REGULATIONS

- Everyone can participate.
- Questions are in English and in Spanish. They can also be answered in either language.
- Team players cannot be changed during a game, although they may vary during the season. Once the first round begins the teams cannot be modified.
- The maximum number of players per team is 5 .
- The game consists of 8 rounds of 8 questions on various subjects. Each correct answer is worth 1 point and in the last round the questions are worth 2.
- The game season lasts several months.
- To participate each player must pay 1 euro towards the game kitty.
- Every quiz night the winner's prize will be the kitty collected that evening. Let's go! School will also give away prizes including discounts on courses offered by the academy and/or free language classes. Prize details will be announced every night before the quiz begins.
- There will be a general qualification of teams in order to verify the winner at the end of each season. Every quiz night the winning team will receive 10 points, the team who falls in second place will receive 5 points and third place will receive 3. all other groups will receive 1 point for participating.
- At the end of the game season the winning team will be announced. Let's go! School as well as O'Connell's will offer great prizes to the winning team.
- you can only use your own knowledge to answer quiz questions. It is forbidden to use mobile phones, laptops, internet, print media or any outside resource to help you find an answer.
- Any team who does not abide by these rules will be disqualified.
